CAREER SUMMARY

Entry-level Computer Science (HND) graduate with hands-on experience in full-stack web development through academic projects and assignments. Skilled in HTML, CSS, JavaScript, PHP, MySQL, and Laravel, with strong problem-solving abilities and experience working in remote teams. Highly motivated, fast learner, and eager to contribute to real-world software solutions and IT support environments.

TECHNICAL SKILLS

Web Development: HTML, CSS, JavaScript, PHP, Laravel, Bootstrap

Databases: MySQL

Tools: GitHub, VS Code, Responsive Web Design

Productivity: MS Office, ClickUp, Asana

PROJECT EXPERIENCE

FoodFusion — Full-Stack Web Application

- Built a full-stack recipe management web application using HTML, CSS, JavaScript, PHP, MySQL, and Laravel.
- Implemented secure authentication, interactive features (likes, comments, downloads), and dynamic menus.
- Developed backend logic, managed database design and storage.
- Improved user engagement by 30% through interactive recipe features.

Waste Management System — Web Application

- Developed a web-based system for tracking waste collection requests and service management.
- Designed user and admin dashboards with database-backed operations.
- Implemented backend logic using Laravel and PHP with responsive frontend interfaces.
- Streamlined waste request tracking, reducing response time by 20%.

Additional Projects

- Standing Desk Ltd — Responsive Business Website
- Personal Portfolio Website (Currently updating with new projects and improvements.)

PROFESSIONAL EXPERIENCE

Associate Project Management Intern — Excelerate Remote

June 2025 – July 2025

- Collaborated with an international team on project coordination, task tracking, and documentation.
- Used ClickUp and Asana to manage tasks, deadlines, and weekly reports.
- Participated in Agile meetings and sprint planning.

OTHER WORK EXPERIENCE

Sales Executive — Iron Man Supplement, Accra

2017 – 2018

- Managed inventory, sales records, reporting, and customer service using Tally ERP.
